

## National Information Assurance Partnership Common Criteria Evaluation and Validation Scheme

30 March 2006  
CCEVS-0022-06

Ms. Christine Martino  
Hewlett-Packard Co.  
8000 Foothills Blvd. MS 5546  
Roseville, CA 95747

Dear Ms. Martino,

I would like to congratulate Hewlett-Packard Co. on the successful completion of a Common Criteria EAL 3 Augmented Evaluation for the Red Hat Enterprise Linux 4 Update 2.

The Validation Report, along with the Security Target, will be posted on the NIAP Validated Products List (VPL) at <http://niap.nist.gov/cc-scheme/ValidatedProducts.html> as soon as it is coordinated. Having a Validated Product on the VPL entitles you to use the CC Certification Mark in conjunction with advertising, marketing, and selling of this specific product. Please designate a single point of contact to work with my staff in coordinating the proper use of the registered trademark. If requested, a graphic file, along with a policy statement will be sent in a separate correspondence.

It is the responsibility of the vendor to keep the contact information for your VPL entry on the CCEVS web site current. If your VPL entry needs an update please contact our staff via the CCEVS web site reply back. If this product becomes unavailable for purchase in the commercial market please bring that to our attention immediately. As you have indicated to us you would like to receive your certificate at the Federal Information Assurance Conference (FIAC) in October 2006. We will coordinate the details for the ceremony as it gets closer.

On behalf of the U.S. NIAP CCEVS, congratulations on this achievement. If you have any questions please call me at 410-854-4458.

Sincerely,

A handwritten signature in black ink that reads "Audrey M. Dale".

AUDREY M. DALE  
Director
