

HP Integrity Superdome achieves 93,000 SAP® SD Benchmark users in a three-tier SAP Sales and Distribution (SD) standard mySAP ERP 2004 application benchmark running Microsoft SQL Server 2005 RDBMS database

Demonstrated performance with HP Integrity Superdome

In addition to this SAP benchmark, the HP Integrity Superdome has achieved numerous world-record benchmark results. By supporting the next-generation Intel® Itanium® processor, the Integrity Superdome now provides **up to 25% performance improvement over previous models.**

Customers have the performance needed to dramatically improve response times and to complete mission-critical tasks such as shorter queries or simulations.

HP and SAP – Enablers of Change

The pace of change in global business is accelerating with HP and SAP facilitating these changes. HP and SAP customers benefit from:

Insight – Better business insight based on real-time business intelligence.

Flexibility – Adapting to change. HP and SAP provide rapid and easy deployment of complete solutions.

Value – HP and SAP solutions efficiently drive innovation and react to changes through measurable business results.

Results as of 12-16-05

Once more, the HP Integrity Superdome has attained another outstanding benchmark running Microsoft® SQL Server 2005 Enterprise Edition—this time on the three-tier SAP® Sales and Distribution (SD) Standard mySAP ERP 2004 application benchmark—with an

excellent performance of 93,000 SAP SD Benchmark users or 9,360,000 processed order line items/hour. This result (certification #2005045) is the top three-tier SAP SD benchmark running Microsoft Windows.

The HP Integrity Superdome was configured with 64 Intel® Itanium®, single-core, 1.6 GHz processors with 32 KB L1, 246 KB L2, and 9 MB L3 cache, and 256 GB main memory running Windows Server 2003 Datacenter Edition operating system and Microsoft SQL Server 2005 RDBMS database server. Application servers consisted of 186 rx4640s each with 4 Intel Itanium, single-core, 1.6 GHz processors with 32 KB L1, 246 KB L2, 9 MB L3 cache, and 10 GB main memory running Windows Server 2003 Enterprise Edition.

HP Integrity Superdome Advantage

The HP Integrity Superdome is a high-end enterprise computing solution that continues to demonstrate its leading performance, operating system flexibility, and simplified management architecture, as well as best-in-class solution deployment.

Why HP?

With over 15 years of experience of working together, our partnership is based upon collaboration. Together, we provide a complete solution stack, with certified, standards-based, industry-focused solutions that provide the industry's highest benchmark results. HP is the One Stop Service Provider for SAP solutions, offering consulting services for SAP solution design and implementation, support services to optimize availability, performance, integration, and security of the entire solution landscape, with comprehensive managed services and education services. In fact, HP servers host almost 50% of all SAP installations, with more than 40,000 installations and 10,000 customers worldwide.

The successes of the partnership between HP and SAP

- HP has received the SAP Customer Satisfaction Award seven years in a row.
- HP has been awarded by SAP the highest level of partnership in three out of four key areas: HP is certified in Global Partner Technology, Global Alliance Partner Support, Global Partner Services, and as an SAP Hosting Partner.
- In five jointly-staffed SAP and HP Competency and Solution Centers, we integrate, certify, and optimize new solutions.
- HP is one of the largest SAP customers in the world. HP uses SAP solutions for Enterprise Resource Planning and Supply Chain Management.
- SAP has selected HP to provide and manage the SAP-hosted services infrastructure in North America.
- HP Support Services manages critical portions of the SAP IT infrastructure.
- Well over 40,000 successful joint installations reflect HP's deep understanding of the deployment and customer requirements for SAP ERP solutions and the mySAP™ Business Suite family of business solutions.
